The World Dream of Ages Realized in the Golden Order Dominion, the New Order of the World, Millennial Exchange

OUR MOTTO

Our Motto Is the Realization of the Long-Expected Millennium of Peace in a Universal United States of the World, Under the Golden Rule of True Christianity, in a Universal International Co-operative Commonwealth, New Order of the World.

The grand aim and purpose of this Course of Lessons is to introduce a new INDEPENDENT THIRD PARTY, to bring the different factions of the world to a common understanding under the Golden Rule of true Christianity, comprising the Jews and Gentiles, Christians, Catholics, Protestants, and others regardless of the different sects or denominations, with their multiple creeds and differences of opinion from religious and every other point of view.

You will be set free hereby from every oath and obligation to all former Orders and Institutions of the world, inasmuch as there shall be but one Dominion and ONE MASTER, which is the Lord.

It further serves to make friends and unite the various different fraternal Orders and Beneficial Societies into one common aim, for the purpose of building and construction of a new and better order of the world, for the GOLDEN ORDER DOMINION.

And finally to bring Capital and Labor to a common understanding, the different branches of industry, with their respective organizations and protective associations, the different political parties, for the same great common aim together, regardless of their different opinions and social standing, the Golden Rule will apply equal to all. "Not with might and power, but by the Spirit of the Word of God."

This is the greatest undertaking of the world, the greatest ever proposed, and it will take the whole world to accomplish it. But we can do all this and greater things than this, by the aid of the Spirit of God and by a brotherly co-operation in this new world movement, for the New Union of God-Man and Woman, in the name of the Lord, so help us God.

DEDICATED TO: The Lovers of Justice and Truth.

RUDOLPHUS

AUTHOR'S COMMENT—"LEST WE FORGET"

To benefit fully by the priceless Course compiled in this book, it is expedient for the reader to know the origin and history of its creation, with its chief aim and purpose.

When over thirty years ago I began first to observe the world-movements in the light of truth, comprising religion, science, and social economy in general, I realized that there was something missing in world politics,—that there was no true sequence in the order of world movements, the disorder of which was the cause of some short circuits or friction, which, unless some remedy could be found, would lead into future deadly conflicts in religion, science, and politics. Therefore, I considered it to be a matter of prime importance to discover just what was missing, and to supply that "missing link" before mankind could ever expect to settle world controversies in the spirit of justice and truth.

Pondering upon these problems of life, certain visions of the Divine Mysteries later revealed to me the truth with celestial radiance; and I found myself called upon to prepare a special Heavenly Message for a New Order of the World, because the life term of the passing dispensation of time and the old corrupted order had expired. This was at the beginning of the present century, and I have been working on the subject ever since, following the leading of the Spirit that gradually unfolded the Truth.

There appeared three or four great obstacles in the way of this new world movement that must be removed: Ignorance, Superstition, Money Power, Militarism, with all other evil forces under whatsoever names of religion, politics, economy, or administrative government must give way to the "New Order of the World" that was to be introduced hereafter. In this order the Mystery of God shall, according to the prophecy, be finished by this New Revelation.

At once I set to work to write and publish this Heavenly Message, together with the fundamental principles of "The New Order of the World" and other matters of importance pertaining thereto.

Many copies of these pamphlets were sent out to leading publishers, to the clergy of the various denominations and to other interesting people, with the intention of establishing influential connections for an enthusiastic, well-organized World Movement to make manifest the Coming of the "Son of Man" in the Spirit of Truth.

Thus, a "New World Movement" was initiated, whereby, despite the attempts of the Adversary to set at naught God's decree, the revivifying Spirit of Truth went out from the Counsels of God to begin its divine mission of revealing to humanity His high mysteries.

To further and complete this divinely-ordered World Organization and as the result of many years of thoughtful experience; in order also to disclose more completely the Heavenly Design, as well as to prevent any misunderstanding through prejudice or superstition, I have prepared a special Course of Twenty-four Lessons in "The Golden Order of Esoteric Christology," which constitute the Foundation of the "New Order of the World."

The Author asks all interested in our common salvation, emancipation and a better future of the world to order at once in advance a copy of this "Golden Order of Esoteric Christology" at the publisher's price. You will find the book of inestimable value, for it will at least rid your lives of the curse of superstition, of prejudice, of money power, lead you into the truth of realiy, and thus open a new way into the life everlasting.

TO ALL THE NATIONS OF THE WORLD

A WORD TO PUBLISHERS AND MINISTERS

WHEREAS, It was decreed in the Counsel of God from the beginning of the world, that at the fullness of time He shall have his eternal Kingdom of Righteousness established on earth as it is in Heaven in the Spirit of Justice and Truth.

AND WHEREAS, It has been the earnest expectation of the world since the beginning of human history, that at some opportune time such a realization of Truth shall take place according to the promises. And the Gospel of said Eternal Kingdom of Peace being preached from every pulpit the world over the past nineteen centuries.

AND WHEREAS, It is the good will of the Father to render us the long-expected kingdom now, a Decree went out from the Counsel of God at the beginning of the present century, declaring that the term of the passing dispensation of time had expired, and the end of this wicked order of the world had come before the Lord.

Accordingly, the fullness of time having come when the said New Order of the World was to be introduced, wherein the mystery of God shall be finished according to the prophecy, constituting the long-expected Millenium of Universal Peace.

The Golden Order Dominion is hereby introduced as a direct fulfillment of the prophecy according to said God's Decree, containing the fundamental principles of said New Order of the World. All these and other instructions of vital importance are fully explained by the Counsellor of Truth in light of Esoteric Christology, wherein the world dream of ages is realized as the coming glory of the world.

THE GOLDEN ORDER ESOTERIC CHRISTOLOGY

(Descriptive Matter of the Course in a Nutshell)

PART I

"MY BOOK OF LIFE AND RESURRECTION" "PAST EXPERIENCE AND REINCARNATION."

Lesson 1—"THE SIGN OF THE SON OF MAN":

In this Lesson we learn of the dawn of a New Era. In 1868 the sun enters Aquarius, whence a new spirit of world independence is born, as the manifestation of the Comforter Spirit of Truth. Hence a new movement of world independence begins to manifest itself in various parts of the world, one manifestation being the Civil War in America, etc.

In the year 1900-1901 the sun enters the cusp of the so-called "Dividing of the Times," having completed the whole Grand Cycle at the Vernal Equinox, thus constituting the Great World Year. Aquarius becomes the ruling sign, and in combination with the rest of the signs of that cycle of time, represents the "Sign of the Son of Man in Heaven."

At this point of time a decree goes out from the counsel of God, and the Counsellor of Truth is called to prepare for a New Order of the World, and to declare the expiration of the term of the passing dispensation. A book is written on the subject, entitled, "The Truth of the Word of God and the Sign of the Son of Man." This, however, was withheld for certain reasons until the year 1904-1905. Then the "Sign of the Son of Man" was made manifest for the second time, and the Russian revolution followed.

Lesson 2—"THE BEGINNING AND END OF TIME":

This Lesson reveals the Great Grand Cycle of Time Eternal, constituting the Divine Center of the stellar universe. From here the Spirit of God the Most High descends into the stellar universe, assumes at Aquarius the image of the Grand Man, as symbolized in the Scriptures; passing thence through the twelve signs of the Ecliptic Cycle, which constitute the Great World Year, and ends at the Vernal Equinox. A new cycle begins with Aquarius at the Vernal Equinox, which marks the fullness of time and comprise 25,920 calendar years, etc.

Lesson 3—"MY PAST EXPERIENCE AND REINCARNATION":

In this Lesson we learn of the formation of the image of God in the person of the Son of Man in the solar universe, as the "making of a 'Living Soul' in the image of God." It further shows the incarnation

and reincarnation thereof in human life, past and present, verified by documentary evidence of the prophets of the Scriptures; showing his nativity, early life, as well as the later events of his life, thus showing a direct literal fulfillment of the prophecy, past and present, in both the Eastern and Western hemispheres.

Lesson 4—"THE LAST OF THE INITIATES":

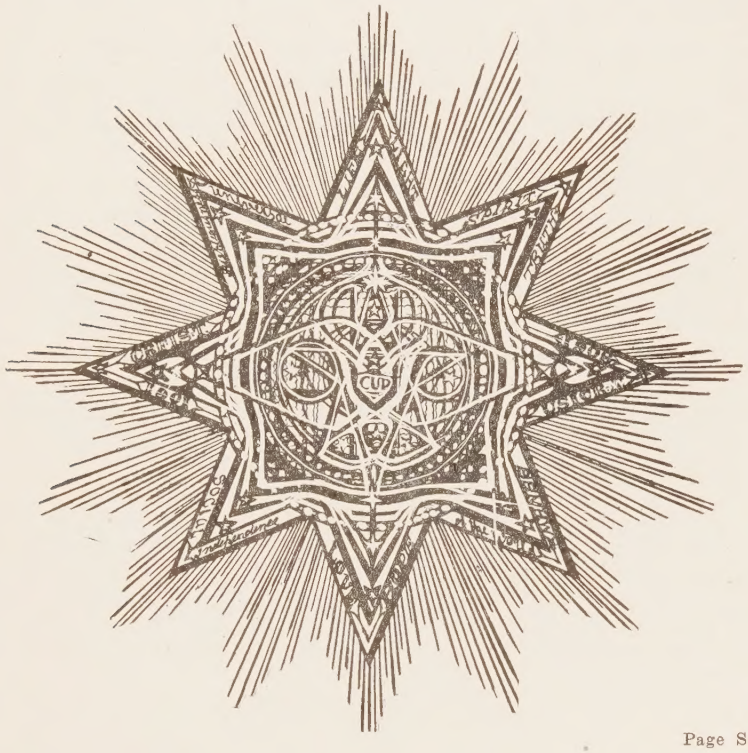
This Lesson is to show the actual initiation of the Counsellor Spirit of Truth, as well as his former line of initiations, including all experiences in the spirit world as the Counsellor of the New Covenant, the Prince of Peace.

Lesson 5—"THE FINAL PASSOVER AND THE FULLNESS OF TIME"

This Lesson deals with the symbology of "The Final Passover," and the end of the Grand Cycle of Time, including the passing dispensations from time to time, as recorded in Biblical history, where certain symbols are set for such "passovers" of times.

Various other subjects of the greatest importance are treated in this Lesson, for it shows not only the spiritual transition of the Lord, but furthermore the passing away of the present form of churchianity, the passing of the prevailing competitive system of money power, and other such matters of vital importance for the time being.

Furthermore the Lesson will show that unless the Millennium is now established according to the prophecy, there will follow a thousand years of capital slavery of the worst kind, culminating in another greater revolution after the said thousand years are completed. This will take place at the last crossings of Pisces and Aquarius, the so-called "final resurrection."



PART II

Lesson 6—"THE CHRIST AND ANTI-CHRIST":

In this Lesson we are shown just what the terms Christ and Anti-Christ really represent—the Spirit of God and the carnal mind. The spirit of Anti-Christ entered the world at the Fall or at the first incarnation of man in flesh, and has been the ruling spirit ever since the crucifixion of Christ, posing as the "substitute of the Son of God" in the passing Jesuitic dispensation of time.

Lesson 7—"THE BEASTS OF THE BIBLE EXPLAINED":

This Lesson shows the fulfillment of the Scriptures in relation to certain "BEASTS" of the Bible, in connection with the recent world war, etc. These Beasts represent the great ruling powers of the world, headed by their respective rulers, as the beastly institutions of "militarism, religious superstition and money power," identified by the secret cipher of the number of the Beast, etc.

Lesson 8—"THE GOLDEN CALF":

This Lesson shows the origin, evolution and highest magnitude of the monster beast of the money power symbolized by the Biblical "golden calf," identical with the idol-god of Mammon. Its origin under the Jews, its development under the Romans, and its maturity by the modern Christian world. We see its betrayal of Jesus by the Jews, its bargaining with sins by Papal Rome, and its commercializing of souls in the present capital world, where Mammon rules in the place of God Almighty, also being identified by its secret cipher, identical with the number of the Beast.

Lesson 9—"THE INTERCHURCH WORLD FEDERATION":

This Lesson is to show what a perfect match the present Interchurch World Federation would make in a combination with the "Big-Business," for an ample substitute for God's true Church, unless turned to serve a different purpose for the New Order of the World.

Lesson 10—"THE FIRST RESURRECTION":

This Lesson reveals the truth concerning the so-called "first resurrection," in a revival and regeneration of people now living on earth; those "having the appearance of living, but who are really spiritually dead" Furthermore the Lesson shows the resurrection and reincarnation of the human soul and the possibilities that we may expect in the next term of life hereafter.

Lesson 11—"THE JUDGMENT DAY AND LIFE HEREAFTER":

In this Lesson we are shown what the "Judgment Day" will be like; how the judgment is conducted; what the manner of judgment is; what the term of sentence; how long the judgment day will be, etc.

Lesson 12—"THE END OF THE MONEY POWER":

This Lesson shows the magnitude of the Money Power at its highest. The wealth of the world amounting to hundreds of billions of dollars being in possession of the ruling minority in an overflood of wealth and luxury; while the multitudes of the toilers are reduced to the starvation point and made naked to their shame. These sort of conditions, making for an artificial hell on earth, will ultimately culminate in a final clash of a bloody revolution, which may cause universal destruction of life and property worse than by the recent commercial war, but thereby also destroy forever the money power.

PART III

Lesson 13—"THE MILLENNIAL EXCHANGE":

To prevent such a catastrophe, this Lesson will introduce a new system of Millennial Exchange for the "New Order of the World." This will be accompanied with the new social system of a universal international co-operative commonwealth for the Millennial Exchange.

Lesson 14—"HUMAN SENSES AND FACULTIES":

This Lesson is to show that besides the generally known five common senses, and the earthly acquired "dollar-sense," which now has taken the place of all the common senses, we still have numbers of latent senses and faculties that may serve a good purpose after the said "dollar-sense" has been eliminated with the end of the money power, and been replaced with the Millennial Exchange.

Lesson 15—"THE MYSTERY OF GOD REVEALED":

This Lesson tells us about the mystery of God, what is really understood in the Spirit of Truth, an explanation in plain, human language, so that a child may understand it.

Lesson 16—"MANIFESTATION OF THE SONS OF GOD":

In this Lesson we are shown that God has yet numbers of other sons and daughters besides the "only-begotten" ones, among whom we may count even ourselves as co-heirs of Christ in the Spirit of Truth. It further shows that we have thus far been cheated of our rightful heavenly heritage by many false doctrines and misrepresentations of our common "Testament or Will of God," our heavenly Father; this we now may claim.

Lesson 17—"THE NEW ORDER OF THE WORLD DECLARED":

shall be opened, and the mystery of God shall be completed. It further- This Lesson shows the fullness of time when our common "Testament" the Son of Man in the Spirit of Truth"; the declaration of the "New more shows the attitude of the world, and the manner of the coming of Order of the World," and what is understood by the term "the marriage feast of the Lord," a true interpretation of the terms Evolution and Constructive Revolution, which requires no bloodshed or destruction of life, property, etc.

Lesson 18—"GOLDEN ORDER DOMINION, HEAVEN ON EARTH":

This Lesson shows how to begin the organizing and realization of the long-expected Millennium of Universal Peace; the formation of the principal Centers and BRANCHES in conformity with the general scale of creation, and announcing the "One-hundred and forty-four thousand chosen virgins" as the leading captains and organizers of the "New Order of the World"

PART IV

Lesson 19—"THE NEW HEAVEN REVEALED IN REALITY":

The old Heaven having passed away, and the New Heaven having not yet been made, so far as we have any record in the Bible or elsewhere. The Lesson gives a comprehensive revelation of the New Heaven, explaining the true nature thereof from an astronomical standpoint and shows that the first thing we now have to do is to make a new heaven on earth after which we shall henceforth find ourselves in the New Heaven, the earth and all regenerated.

Lesson 20—"THE KINGDOM OF GOD WITHIN YOU":

This Lesson shows what is really meant by the term "the kingdom of God within you"—that really the kingdom of God, yea, the whole heavenly host of the starry firmament is concentrated within us as a fact, as in a microcosm of the macrocosm materialized, with other explanations of importance.

Lesson 21—"GOD'S MESSENGER OUR COMFORTER":

God's Messenger, representing the promised Comforter Spirit of Truth, showing the Word of God fulfilled as the "Word made flesh," accompanied with the Declaration of the New Order of the World, which is to overcome the monster-beasts of superstition, militarism and money power by the "Spirit of the Word of God."

Lesson 22—"DECLARATION OF UNIVERSAL INDEPENDENCE OF THE WORLD":

This Lesson provides us with the most important document for the realization of "The New Order of the World" in the Golden Order Dominion, introducing a New Union of Universal United States of the true Christianity, etc

Lesson 23—"THE LEAGUE OF NATIONS EXPOSED":

This Lesson discloses the "League of Nations" in the light of prophecy, identical with the league of Anti-Christ that was expected to precede the manifestation of the Son of Man.

Lesson 24—"THE GOLDEN ORDER WEDDING PARTY":

This Lesson describes the "Golden Order Wedding Party," formed for the purpose of introducing "The New Order of the World," for making of the New Heaven on Earth. Here you will find a true interpretation of prophetic terms, to explain the "Lord's Marriage" in the Spirit of Truth, and other important interpretations, explaining just what these various terms really mean to us, and what part we are to take therein, etc.

Lesson 25—"THE WORLD DREAM REALIZED IN THE GOLDEN ORDER DOMINION":

This Lesson gives the principles of the Golden Rule and all interpretations of things pertaining to the "New Order of the World," the realization of "The Golden Order Dominion" and the restoration of justice and truth in righteousness, in all of which dream of ages is to be realized. World, and including the documentary "Articles of Declaration" with the fundamental principles of the universally accepted Golden Rule of

The Purposes of the New Order

THE PURPOSES of said Golden Order Dominion are:

1—The Realization of the Kingdom of Heaven on Earth; to restore the Justice and Truth in Righteousness, and reclaim our divine inheritance and all that humanity has lost in the past dark ages.

2—To introduce a New Order of the World, under the Golden Rule of true Christianity, comprising Religion, Science and Industry in Social and Political Economy.

3—In a new form of an ideal government of a New Union of Universal United States Social and Spiritual Independence International Co-operative Commonwealth of the Christian Workers of the World, Initiated N.O.W.—U.S.I.C.W. 3/3—G.O.D. in the name of the Lord.

This is in conformity of the Scriptures, whereof it saith: "There was given him Dominion, and glory, and a kingdom, that all people, nations, and languages, should serve him: His Dominion is an everlasting Dominion, which shall not be destroyed."

"And the Kingdom and Dominion, and the greatness of the Kingdom under the whole heaven, shall be given to the people of the Most High, whose kingdom is an everlasting Kingdom, and all the dominions shall serve and obey him." (Dan. 7, 13-14; 27).

This represents a Universal United States of the World, consisting of a government of God's people, by the people and for the people. More or less like the United States of America, only on a larger scale and under a new system of universal co-operative commonwealth, contrary to the prevailing competitive system of money power, or the "order of gold."

Seeing that the world is presently divided into various classes of hostile elements, all determined to enslave or exterminate one another, which sooner or later is bound to culminate in a universal destruction, that in all likelihood will come to a climax in the near future.

It therefore becomes a matter of urgent necessity to introduce such a New Independent Party of God's people, for building and constructive purposes, for the eternal purpose of the Lord, when everything else fails to restore justice and peace in the world.

For this particular purpose this special Course is written for enlightening purposes, giving the fundamental principles of said New Order of the World and such other things of vital importance pertaining thereto. For further reference hereof we may quote the following Scriptures:

"When he had opened the seventh seal there was silence in heaven for the space of half an hour." (Rev. 8, 1).) "And another angel ascending from east, having the seal of the living God. And there were sealed one hundred and forty-four thousand of God's elect. And they were singing a New Song." (Rev. 14, 15; 7, 1-4; 16, 19).

The seventh angel is the angel of time, representing the seventh thousand years of Bible history, and opening said "seventh seal" is the opening of a new dispensation of time for the coming Millennium.

The "seventh trumpet" will be the declaration of the Universal Independence of the World, when the New Order of the World will be introduced.

The "New Song" is the Everlasting Covenant of said New Order as here introduced by the Golden Order Esoteric Christology, that really no man seems to understand or is "unable to learn" except a few chosen ones.

The said 144,000 chosen virgins represent those of the hosts of heaven including the angels of the first nine magnitudes of the "Golden Order

Dominion of the Sons of the Most High," and an identical number of people on earth forming the counter part of said heavenly host materialized in human life, as elsewhere explained.

Said 144,000 chosen ones are, however, not the only ones to be saved, as some misleading doctrines want us to believe. But they will be the leading captains and organizers of the rest of the world, as representatives of said heavenly host on this terrestrial plane, for the realization of said New Order of the World.

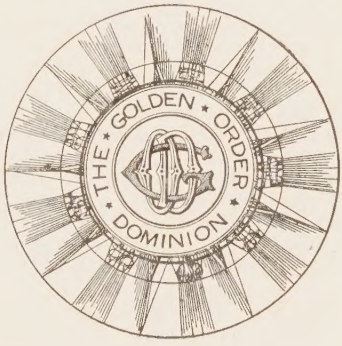
"Blessed are those called to said marriage of the Lamb in this final passover," saith the Lord, "and those that have part of the first resurrection, for on them the second death will have no power, but they will be as a holy priesthood of God and reign with Christ for the coming thousand years." These are the ones who not only hear the call, but who faithfully participate in the movement.

As the twelve divisions of the Celestial Arch, being divided unto 144,000 parts, unto which the remainder of the whole heavenly host from North, South, East and West are subdivided, represented by the "four angels holding the four winds." Likewise are all the nations of the world divided into four different churches—the Catholics, Protestants, Jews and Gentiles. And accordingly co-operative BRANCHES of people will be formed on this terrestrial plane for the realization of said Golden Order Dominion for a New Order of the World

Hence each and every one of said chosen members of this New Order will have the privilege to start organizing a new co-operative BRANCH in their own immediate neighborhood, after having learned the fundamental principles thereof. They will furthermore keep organizing and multiplying the BRANCHES until we have the said New Order universally established, constituting a Universal United States of International Co-operative Commonwealth of the World.

Thus this New Order becomes everybody's own movement for a common cause of World Redemption, in a collective body of people, personally conducted, where each and every member will play his or her respective part, according to the capability and possible genius there may be latent in them, in whatsoever line it may happen to be. So all are free to act in his own place and nobody need feel that they are left behind, or that they were in one another's way.

Here is a proposition of your life to become one of these chosen ones of God's elect, as leading captains and organizers of this New Order of the World for the coming glory of the Millenium of universal peace, provided you would care to participate in this new World Movement. Not only to build air-castles in the clouds of heaven, but to make a real new heaven on earth on the solid ground, for ourselves to enjoy the life and blessings thereof and make life worth living as becoming to the children of God.



A Timely Warning

If a million lives and a billion dollars' worth of property may be saved from destruction by a timely warning to avert an approaching catastrophe, it is equal to that much money earned and the credit of such a Heaven-sent Messenger would be equal to that many lives saved.

But when God's Messenger was held up on his way by the adversary, or his message is delayed on account of the lack of means or facilities to sound the warning in due time, or his warning is ignored, the destruction would surely follow, but then somebody else would be held responsible for it.

It was just such conditions we were facing twenty years ago that we are facing today. And it was just such an announcement issued by this Order then for a timely warning, as a matter of Providence to avert the approaching catastrophe, or at least to turn it to serve some useful purpose by introducing a new and better order of the world, seeing that the term of the old corrupted order had expired. Whereof saith the Scriptures:

"And he swore by him that liveth forever and ever that there shall be time no longer, but in the days of the seventh angel when he begins to sound, the mystery of God shall be finished according to the prophecy." (Rev. 10, 5-7).

Millions of people are dead and crippled for life today, and hundreds of billions of dollars' worth of property being wantonly destroyed, and the best half of the habitable world devastated for no practical purpose, having accomplished less than nothing by the infernal operations, all of which, or at least the worst of it, might have been averted if the counsel of truth had been followed in good spirit, which then was ignored as a matter of little importance. Or if at least a decided fraction of all the vast amount of accumulated wealth had been used for the building and constructive purposes to introduce the New Order of the World, we would be in a comparatively paridise today, that now has been destroyed to serve no useful purpose whatever. And yet, the world never knows the difference, because they have been purposely held in blind ignorance of the true nature of things taking place.

We are facing just such additional destruction of the rest of the world today, perhaps worse than the world ever saw, that will come as sure as the day you were born, and there will be no getting away with it, unless, indeed, the New Order of the World will be introduced in due time. Or else the world will suffer everlastingly for the consequences, and finally the will of God will have to be done just the same.

It is for this eternal purpose of the Lord that this New Order is here introduced, and I feel it my duty toward suffering humanity to sound this timely warning to avert the worst of it. Not that I was bound under any obligation to do so, but out of my own free will toward God and mankind to save some of God's people from final destruction.

KNOW THEREFORE HEREBY that the term of the passing dispensation of time has expired in the counsel of God and the END of this wicked order of the world has come before the Lord. This is the great year of world salvation, the fullness of the great Cycle of Time when the Universal Independence was to be declared and a New Order of the World to be introduced, wherein the mystery of God shall be finished according to the prophecy.

"One woe is past, other comes quickly," saith the Scriptures; "and two more woes will come hereafter." And now seeing that most of the more important prophets have already gone into fulfillment in these connections, the rest of them will follow in rapid succession until it shall be fulfilled; for "None of my words shall tarry any longer," saith the Lord, "but it all will be fulfilled quickly."

The "first woe" was the operation of the Monarchial War-Beast of Militarism, which lasted forty-two months, in accordance to prophecy. The

"second woe" was the co-operation of the Commercial War-Beast of Money Power, as the "image of the beast," or imitating the first beast of Militarism. The term of this beast was three years and a half, which brought up the matters to the year 1921.

Then comes a short space of peace, only "half an hour," which is only a brief prelude for the greater disaster of the final destruction to follow, leading into the final battle of AMAGEDDON.

This brief prelude of peace is only a matter of Providence, giving God's people a chance to gather themselves unto the Lord under the banner of righteousness, where the Son of Man is made manifest. In this final battle also the "three unclean spirits," vested in the Superstition, Militarism, and Money Power, congregate against the Prince of Peace.

Accordingly the said last woes will be the conflict between the Church, Capital and Labor, for the Final Passover of the Lord, when the kingdom and dominion will be delivered up to God's people, according to Dan. 7, 13-14; 27. Making for a Universal United States of the World; a government of God's people, by the people and for the people, a slogan similar to that of the former United States of America, but on a larger scale. Only the difference will be in the system, the one being on the competitive system of money power, while the latter will be established on a co-operative system of Universal Co-operative Commonwealth.

Therefore this is a special call for a timely warning to the Christian world as well as to the rest of the world to prepare and get ready to face what may come. Knowing that this will be the final battle of all battles to decide as to which it will be to rule, either the Justice and Truth for the coming Millenium of Universal Peace; or the injustice with only lying promises of capital slavery of the worst kind, making for an artificial hell on earth for the thousand years to come. Hence the peace conference means nothing unless we have right conditions introduced and the peace is established under proper terms.

KNOW THEREFORE BY THESE PRESENTS that this will be the so-called "First Resurrection," according to the Golden Order Esoteric Christology, whereby millions living now will become immortal so they will never die, although they may pass away temporarily, but a new term of life will be granted unto them to live again, and the "Second death" will have no power on them. They may reincarnate, if they so choose, provided "their name will be found written in the Book of Life." In other words, "If they are found fit to survive." While on the other hand, millions now dying will never live again within a thousand years, unless they repent in time now of their foolish ways and learn the truth of God and follow the counsel of truth unto life everlasting, and their reward will be accordingly, as duly deserved. In other words, one will be born again into the kind of world such as he was instrumental in making.

All these and other things of vital importance for the time being are to be found more fully explained in "My Book of Life and Resurrection" in the light of the Golden Order Esoteric Christology, as here introduced. See the Table of Contents of said book as here announced, which will give sufficient light on the subject to know what said Heavenly Message really contains.

The book is all written and partly printed already in separate Lessons. It will be be published as soon as we will have subscribers enough to justify the publication, or find a publisher for it, seeing it will cost considerable money to have it printed and marketed in proper order. To secure a copy of it subscriptions should be sent in now in advance, subject to no further obligations.

To help carry out this all-important work and problem of life, we are looking for such reliable parties who may find themselves earnestly interested in these matters as to take stock therein; who furthermore may become as charter members of the Golden Order to form a local BRANCH thereof in their own immediate neighborhood or home town and participate in the New World Movement.

The Price of Salvation

By the foregoing announcement of the subject of the Golden Order Esoteric Christology, introducing the New Order of the World, we learn of an ingenius plan of common salvation for the redemption of the world, offering the only proper remedy to settle the controversy of the world, not by might and power, but by the Spirit of Truth of the Word of God, if only the world had the price to pay for it.

What is the price of salvation? the question may arise. The price is life for life and dollar for dollar, and all that goes with it, and death pays the bill, inasmuch as nobody ever brought anything into the world with him neither can he take anything along with him when he passes away.

The price of salvation in money figures was set on thirty pieces of silver two thousand years ago, according to the fulfillment of the following prophecy, saying:

"And I said unto them, If ye think good, give me my price; and if not, forbear. So they weighed my price thirty pieces of silver. And the Lord said unto me, Cast it unto the potter: a goodly price that I was priced at of them. And I took the thirty pieces of silver and cast them to the potter in the house of God; or the church." (Zech. 11, 12-13).

The blood price obtained from the high priests of the former Jewish church by Judas for betraying Jesus, was inadequate to start anything with it to put the theory in practice, in the way of the promised kingdom of heaven on earth, except founding the "potters' field" for a free burial place for such people lacking the means to pay for a decent grave. Hence Jesus thought better to have himself crucified rather than to make a fool of himself with his new doctrine, lacking the means to put it in practice. Judas also went to work and hung himself in order to make a long story short, seeing that there was nothing else for him to do, as the cashier of the company with an empty purse with thirty pieces of silver for the blood price of the Saviour, as the only aid and assistance the church would contribute for the realization of the kingdom of God on earth in those days.

Thereby the salvation of the world was simply nailed to the cross, and the Saviour crucified between two thieves, symbolizing the church and capital, and the realization of the kingdom of God on earth has been hanging there with the said thirty pieces of silver ever since as the price of salvation; and this is about as far as any earnest follower of truth ever went with its realization, only to reach the potters' field.

The symbolical crucifix of Christ has been held before the eyes of the world the past two thousand years for an eye-opener of the blind masses who have the eyes but cannot see. But whether it really has opened any eyes, or served to blind them instead, I will leave for you to decide upon and say your last word about it.

The symbol presents a striking picture of an innocent man falsely accused, betrayed for money, for the blood price of thirty pieces of silver, by the conspiracy of the ministers of the church, convicted by the capital Law under the false charges of said high priests of the church; executed under the auspices of the Roman military authorities; crucified between the two thieves at the mount of the skull; under the accusing cries of the church driven by superstition, prejudice and jealousy. His heart pierced by a Roman soldier, and his garments divided among the soldiers,—rendering him naked to the shame; And a potter's field purchased for the blood price,—for a free burial place for such people who are lacking the means to pay for a decent burial in the church yard.

The symbolical picture of the Son of Man between two thieves symbolizes the three different classes of people, viz., Capital, Labor and Church,

the one accusing and killing the other, and ultimately all hang together, moked at by the angered masses of the rest of the world. And the potters' field is the goal for the promised kingdom of peace; seven feet below the ground—when at death's door all men, saint or sinner, will be brought down to the common level. This is the proper interpretation of the Christian Symbol.

The Son of Man, impersonating the love of God and reppresenting the subordinate classes of people in a collective body, was nailed to the cross for the witness of truth that was to make all men equal before God, and as members of the living body of Christ; which was to establish a New Order of the World, as for the "God with us, and the kingdom of God within and among about us," here on earth.

But now we are made to believe that said killing of the Saviour was the "only salvation of the world," and that the realization of the kingdom of God was really not meant for this world at all, but for some other world hereafter, beyond the grave; which if true, would tend to show that the "potters' field" were all we can expect of that Capital Church. And that is about as much as the Capital and Church have hitherto contributed to the comfort and well-being of the poor members of said living body of Christ. For "the poor are always with you" we are told; and when one may be lacking the money to pay for a grave in the church yard, one can always figure on a peaceful spot in the potters' field for his share of the kingdom of peace.

Not, however, because it was any of the fault of Judas that he could obtain no funds from the church authorities and rulers of the wicked high places for the inauguration of the kingdom of God at said great historical Passover, or that the price was set too high; or because the teachings of Jesus, that it was not good enough to become true; but because the price was set too low by the leading authorities, so that even Judas could do nothing with it, as the cashier of the company with empty purse.

Jesus was murdered, not because the Father so badly needed the human sacrifice of his own beloved Son to bargain with the sins of the world, but rather for a false pretense to save their own fat jobs and get him out of their way because he was exposing their corruption.

As to the blasphemy to God and all the sins of the world these cold-blooded murderers and hypocrites would have cared no more than an alligator shedding tears for the lost bait; whose god would appear to be the devil in disguise, as the instigator of murder and cannibalism.

The crucifixion of Jesus did not, however, save the old Jerusalem from destruction and the subsequent overthrow of the whole Jewish nation losing their independence and liberty and cease to be a free nation of God's people forever, scattered into all the winds of the world.

Likewise is this present Christian Nation liable to lose its high prestige and independence as God's chosen people by ignoring the counsel of Truth and neglecting their present call unto righteousness to introduce a New Order of the World for the realization of the long-expected Millennium of Universal Peace, as hereby proposed.

If Judas was a cowardly traitor, betraying his Saviour for thirty pieces of silver, as the blood price by his conspiracy with the leading authorities of the former Jewish church and Capital Law, what would we call the pack of the present day hypocrites and cowardly traitors of Judas' kind, who by themselves would never willingly sacrifice as much as thirty cents for their own salvation, so much less for the common cause of world redemption, to whom Judas' price would appear as an unsurmountable mountain?

Would not the whole company of them put together appear worth less than thirty cents to the Lord, even in comparison of Judas' price? That would make Judas appear a gentleman compared with the present standard values.

What is your price of salvation? What is the world redemption worth to you in money figures, as a better man, nothing to say about sacrificing your own life for it? What have you to show up to prove your own valor as such even if judged by Judas' standard?

Realization of Truth

For the realization of truth we have some almost unsurmountable obstacles in the way that must be removed first, as above stated, or else we can accomplish nothing. These are certain imaginary Beasts of the Bible, that in reality are incorporated in Superstition, Prejudice, Militarism and Money Power, Selfishness, Covetousness, etc. Vested in some corrupted religious Institutions of Churchianity, Autocratic Military Governments, Big-Business and Labor Organizations, etc.

The last and foremost of all of them that we are to face presently is the Beast of Money Power. Religion, Superstition, Spiritualism, Materialism, Militarism and every other 'ism goes without mentioning. But when we are to face the Money Power we have landed at the end of the trail in a blind alley where we can proceed no farther.

Even Jesus could go no further, and this is about as far as anybody ever went. Therefore I am here to pay my compliments to the Monster to bring the Beast to the terms, although this may be the farthest we can go.

If a million lives and a billion dollars' worth of property may be saved from destruction by a timely warning and proper instructions introducing a New Order of the World, said New Order would be worth at least that much, even in money figures, although it may not present a single dollar in cash value.

The book here introduced contains information of that importance introducing just such a New Order of the World; every item of which is worth millions if taken in good spirit and carried out promptly in practice, that would prove of inestimable value to the world and prevent the coming catastrophe, provided we had the necessary means for its realization.

And if a message of that importance should be delivered to a hundred million people in book form, at the rate of from one to five dollars per copy, containing such information and necessary instructions pertaining to said New Order of the World, to remedy the situation and save the world from utter destruction, it would cost the world only the price of that book, equal to a square meal, or a bottle of booze, that one can well afford to spare, or go without.

But it would cost God's Messenger from one to five hundred million dollars if he should have to deliver the message on his own account, free of charge, as generally is expected of God's Messengers. It would cost him thirty million dollars even at the rate of thirty cents per copy; nothing to compare with the Judas' price of thirty dollars, that hardly pays the fare to the potters' field.

The world has been expecting in all the past ages for such a God's Message to be sounded from the clouds of heaven, and the Son of Man to come and do all the world's works by only winking his eye, as by magic, and pay high besides for all the past services by such magic exchange.

But as there never yet were any such millionaires born with a bag of money from the clouds of heaven and such a Son of Man never yet come

to perform the world's works by such magic means for nothing, God's works have simply remained unfinished and the kingdom of God is still in a dreamland state of development only in the clouds of heaven. For nothing is done out of nothing under the sun unless there is somebody to do it and others to pay for it, or do it by themselves, in order to keep the balance of eqilibrium by equal exchange for value received. Or else there will be a shortage somewhere that sooner or later is bound to culminate in a failure, or bankruptcy by the one party or the other, that might cause the world to "dip over," making for a bloody revolution.

God's works are generally expected to be done free of charge, only with the expectation to get amply rewarded for it in the next world hereafter. But as nobody hardly ever does it by themselves what they so fondly expect of the others, and as the spirit exchange of said "next world hereafter" does not pay our bills here in this material world now, we need some real legal tender in hard cash to fill the orders, and something more substantial to realize it than the mere building of air-castles in the clouds of heaven.

The author has had the pleasure of spending a goodly fortune and half of a lifetime on this Lord's work already on his own account without remuneration, but cannot very well proceed this free course much longer. Therefore the outcome and success of this New Order now largely depends upon the people of this world by themselves, provided they will participate in this New World Movement and willingly contribute their little share therein to help deliver the message and render us such mutual aid and assistance to properly introduce the New Order and co-operate therein.

If the counsel of truth had been followed in good spirit twenty years ago, one dollar might have saved that millions cannot redeem today. And it is safe to say that twenty years from now billions will not redeem that a dollar could save today by right information and proper instructions leading into the right course in due time to remedy the situation.

But the world wanted to save that particular dollar at the expense of the life and liberty and the better future of the world, and is now paying the difference to the Adversary in millions of lives and hundreds of billions of dollars invested in his infernal operations, making for an artificial hell on earth contrary to God's decrees to introduce a New Order of the World.

No wonder we have so little of the kingdom of God realized, but the contrary proves true, whereas millions and billions are readily contributed for willing service and support of the Adversary without a question whom it benefits or who is getting cheated. While for God's purpose we would be expected to put up thirty dollars' worth of gilt-edged securities to secure one dollar's worth of investment. And even at that they would first go to consult the chief of police about it as to whether it is perfectly safe to invest a dollar on such a purpose. But they would rather expect the good Lord to come and slip them thirty thousand dollars in advance before they would care to listen to him.

It was the money question that ended the Christianity two thousand years ago, and the realization of the kingdom of God has been hanging on that cross with the blood price of thirty pieces of silver ever since and hangs there today. Thus the realization of the kingdom of God and the continuation of the Christian doctrine begins with the same dollar question today just where it ended two thousand years ago; and there is nothing to realize with it before we have that dollar question settled in proper order, it matters not in whatever name it was symbolized.

We have the proper remedy for this as well as for every other question of that importance fully explained in the book, for the realization of said New Order of the World for the coming Millennium, that I have the pleasure to introduce hereby, making known just what said Heavenly Message contains.

If I could only find a party to finance the proposition it would take no time to accomplish, but unless the necessary funds are forthcoming, the truth of God remains crucified today just the same as the love of God was crucified two thousand years ago, and the world will have only the announcement hereof for the coming thousand years, as it has been having the potters' field for the kingdom of peace for the past two thousand years. For I am sure that I am not going to bargain with the kingdom of God under Judas' terms, neither will the Son of Man ever come for begging of alms on street corners for the salvation of the world, when this world or the house of God itself refuses to furnish the means for its realization, to co-operate. For it cost more than the Judas price of thirty pieces of silver to realize the kingdom of God on earth, while the people of this foolish dollar-generation seem to think that even thirty cents is altogether too much to contribute for its realization, but that the "only believing in it" will make it, whereas for a fact it takes millions to realize anything of that importance in these days, where a dollar can hardly buy a square meal.

This is no penny-collecting concern. But it is a matter of our own common salvation, everybody equally concerned, introducing the World Plan of Salvation according to the eternal purpose of the Lord.

But we need some real live men with determination, and some real material means to realize it. Not only by preaching the killing of the Savior, and dearly loving him, only in some other world, and "only believing it" and dreaming of air-castles in the clouds of heaven; but by constructing of the real things more substantially on the solid grounds.

I would much rather prefer one good reliable friend against a multitude of such cowardly hypocrites and idle dreamers, only rattling their dollars in their pockets, but would never move a finger, nor willingly invest a penny for the realization of the Kingdom of Heaven on Earth. A hundred millions of that sort of believers would get us nowhere in a thousand years beyond the potters' field. But I hope that you are not of that caliber of mind, but that you know better.

Here we have a splendid Organization of Churches the world over, with a large staff of well-paid ministers that ought to be able to serve some useful purpose for the New Order under proper directions. And here we have a well-organized banking system and Chamber of Commerce, commanding the financial world, that ought to be able to supply us all the necessary means of production, if converted to a universal co-operative commonwealth. And here we have the multitudes of well-organized Labor Organizations that could amply supply us all the help we need along the lines of world production; each and every BRANCH of those commanding millions of able-bodied men and women.

And besides all this numbers of other Fraternal Orders, Clubs and Societies, that could serve a great purpose in the way of organizing said New Order of the World, including Military and Police protection, and the various other Departments of Administrative Government, including the various different political parties, etc. All this and that would be simply grand and would serve a splendid purpose when wisely directed to serve to ONE COMMON AIM for the building and construction of a new and better order of the world, according to the eternal purpose of the Lord.

But when on the contrary the same forces may clash in a bloody revolution, led by the ungodly selfish ends of the various different individual parties, the one determined to enslave or exterminate the other; it is liable to make a hell on earth such that would make the devil shudder. For it is certain when these hostile elements will clash into destructive operation they are liable to destroy the whole living world, so there will be nothing left but perhaps some cripples and desolate starving derelicts. Unless, indeed, a New Order is introduced in time to prevent the catastrophe.

Personally I have no grudge against any man or any party of men in

particular, neither do I know of any cause of enmity by any man against myself. But as the best of a friend you ever had, it is my pleasure to introduce to you such a New Order of the World that will save you a whole lot of trouble and destruction of life and property. But it is not my purpose to argue or fight you about it, but I want you all to fight for me and with me for the Lord and the realization of his eternal kingdom of righteousness for our own common cause of salvation and world redemption, one for all and all for each and every one together.

If such is your religion and your hope of salvation is to follow the counsel of truth according to the principles of the Golden Rule and the dictates of your own heart, you are one that I would care to co-operate with; and if you may be able to find another one like it from a hundred million, we would be gaining a hundred per cent efficiency.

I have been fighting the monsters of superstition, prejudice and money power, and the rest of the infernal outfit, single-handed, in an effort to free the world from the power of hell once for all and ever. Not with might and power, but by the Spirit of the Word of God. While the world itself is doing nothing but speculating with their dollars and pennies, taking sides with those infernal monsters in their support, upholding the Adversary. Hence it now remains for you to fight the monsters by yourselves, or become the humble slaves of the Beast forever.

The worst of it is that the world does not know its real enemy and where its stronghold is, but only fighting some imaginary phantoms in the clouds, and killing the Savior in reality. The results are that finally all get defeated and perish with the Beast together. All this is no dream, but the fact is that the corrupted old Beast has been killing people by the millions, right and left, under one pretense or other, and has come out victorious by the recent war, having defeated almost the whole world with the best there ever was in it; yet the world never seems to know the difference.

As far as I have learned by my past experience, I have been maltreated, killed and crucified scores of times for the witness of Truth in such a mess with these infernal monsters at the altar of the almighty Dollar, falsely accused by superstition and prejudice. The last of it, however, is yet to be seen, but this time I would prefer the "Electric Chair." I would, however, first clear the world of these infernal monsters and pay my respects to their burial, provided the world really wants to get rid of them. The wicked thing simply has to go, and the corrupted old Beastly order will have to be sacrificed for the New Order of the World, or else the rest of the world will perish, or suffer everlastingly, for the want of the New Order. For there will be no lasting peace in the world before these monsters are destroyed and the New Order is introduced properly.

Let therefore all that will stand for the realization of the Millennium of Universal Peace step forward, and let us proceed in the name of the Lord, so help us God.

COMPLIMENTS OF THE GOLDEN ORDER

We want to form a local BRANCH of the Golden Order in your home town and in your immediate neighborhood, with you as a local Organizer. This will give you an opportunity to show forth your own willfulness and ability as a better man or woman, whichever the case may be, and to improve the latent potentialities that may be in you, so you may become a live wire, if you never were one before, and "let your light so shine" to enlighten your whole neighborhood, so perhaps you may become one of the 144,000 chosen ones. May we have the pleasure to hear from you at your earliest convenience whatever your pleasure may be. And how many others there may be with you.

COUNSELLOR OF THE GOLDEN ORDER.

The Beast of Money Power

Militarism is the real man-killer Beast and superstition is its double, the false prophet, while Money Power is its last stronghold, constituting the "image of the Beast," and the seat of that beast is within man himself.

Nothing can be done without money today to amount to anything, and you all know it. All the necessaries of life, transportation and communication, and everything else are covered with money, so the people are practically helpless without it.

Thus money becomes the greatest potentate and ruling factor in the world, not only with the rich, but equally so with the poor; they are all hopelessly bound in its bondage.

There is no salvation for this Mammonary generation, and nothing to commence with people of that caliber of mind who seem to have none but one sense in their heads, which is the "dollar-sense," that is worse than no sense at all with which nothing but the dollar counts, because it can neither see nor hear, nor reason of anything besides the dollars. They would present strange specters of walking monsters in human form, if we should form a mental picture of them; it would certainly be a sight to behold the spectacle, pastered over with dollar bills and bank notes of various denominations, with heads made out of silver dollars of enormous dimensions, with dollar eyes and dollar ears and all. Their heads stuffed full of nothing but dollar thoughts, thinking of nothing but dollars all the time, how to get the best of them and how to serve the best to their interest. How to get the most of their fellowmen and the highest compensation for the least of services rendered. Whatever they think or do, it is the dollar first and last and always; either it is about plenty of them or the lacking of them. In short, there is nothing in their whole make-up unless it presents dollars. Even their God has the appearance of a silver dollar in which they trust, and before which they would tolerate no other gods.

It would be out of question trying to extricate a dollar out of such monsters for the purpose to serve the living God or for any useful purpose of common cause of salvation contrary to the interest of the almighty dollar; for it would hurt them even to hear it mentioned, as it were to cut a piece out of their very soul to depart with a dollar for such a purpose of the Lord, they would rather give their life only to save the dollar. Therefore saith the Scriptures: "They will perish with the image of said monster beast together."

Dollar is the mark of that Beast of the Money Power, and the monster is identified by its specific number of secret cipher, according to the Apocalypsis, which cipher is vested in its title the "SILVER DOLLAR," attained in the following manner:

The Latin numericals "I—L—U" of 'silver' stand for 1+50+5; and "D—L—L" of 'dollar' stand for 500+50+50, and the ten numerical "I"s of the ten commercial money kings, representing the ten horns ot the beast for 10; added together: 1+50+5+500+50+10=666, the number of the beast. (Rev. 13, 18). Hence Jesus the Christ being betrayed for the thirty pieces of silver.

There is hardly anything short of death to cure this deadlycancer of money power. Hence "The Beast goeth into perdition," saith the Scriptures. But we should worry, for within fifteen or twenty years this Mammonary generation will be all dead and gone anyway, when the Beasts of Superstition, Militarism and Money Power will hang together.

Their last word at any event will be the END OF THE MONEY POWER, if not sooner, it will be at the death's door, where all men will be brought to a common level, when your last meal will cost you all you ever had, and for the next term you will have to start anew from the gutters, seven feet below the common level.

Then the good Lord may grant you another term of life by reincarna-

tion to gain further experience unto higher perfection, starting from the bottom up. And as a matter of common justice the eternal Judge may grant you the privilege to keep company with those on the lower levels for a longer time to study their sufferings and share their lot under conditions such as you might have been formerly instrumental of making them to the helpless masses. This will greatly add to your scope of vision and experience so you will become a much better and wiser man for the next term of life.

And seeing that you have no standing contract with death, as to know for sure in just what hour of the day you may be called off, perhaps it may be the day before tomorrow. You'd do well to decide on your last word today before it is too late.

The aim of the Golden Order Dominion is to abolish that suffering hell from the face of the fair earth and make the under world as comfortable as the upper world may be, so it will make no difference in what level one may be born the next time, we all will be in the New Heaven with the Earth and all together.

It would be therefore greatly expedient to you to more closely study of these conditions of these different worlds of "My Book of Life and Resurrection, Past Experience and Reincarnation," in the light of the Golden Order Esoteric Christology that at least will save you from the power of the infernal monsters and make you a free man or woman.

Your Last Word

Having identified the "Beast of Money Power" by the Word of God by the secret cipher, the number of its title, vested in "Silver Dollar," thereby stabbing the Beast straight in the heart, inflicting a deadly wound that it hardly ever will recover, but it will be dead and gone forever. Thus I have paid my compliments to the monster by whose order the Son of Man was sacrificed at "the shrine of the Silver Dollar," and by whom the world has been held by the throat unto this day in mercy of the almighty dollar. Perhaps now I can talk more freely to the people of this world, not like unto some idol-gods of dollars and pennies, but as real men and women made after the image of the true living God.

The only salvation there now remains for this Mammonary generation is to sacrifice the "golden calf" for the New Order of the World. Only then it may yet serve a useful purpose for transition of the present Society into the New Order, not the order of gold, but the real Golden Order Dominion for the coming Millennium of Universal Peace.

If a million dollars can be saved by precaution it is equal to a million dollars earned. And if a million dollars' worth of stored-up energy in money values is applied in the right time and the right place for a proper useful purpose when there is a demand for it, it will serve a good purpose in its true face value, for all it is worth, and render the wise investor some lasting credit besides. On the contrary, when the means are not applied when there is such a demand for it , it becomes worthless when there is no demand for it and the medium has lost its market value, whence it becomes good for nothing, just like any old thing in this material world goes to decay when its life term has expired; so that this which may have served for valuable food yesterday or today can only be used as fertilizer tomorrow, provided there may be even such a demand for it, or else it will be good for nothing, and it would be liable to cause serious stomach trouble and indigestion if one would be stupid enough to refuse to let go.

The Monster is playing havoc in Russia and elsewhere today. I just

lately received a personal letter from Petrogad stating that they have to pay two million roubles for a pound of butter and 200,000 roubles for a domestic letter stamp; and everything else is charged after the same rate, while the earnings are comparatively low. This compared to our values would make one million dollars worth a penny.

If such things are happening in one part of the world there is nothing in the world to prevent them from happening in any other part of the world just the same if not worse. Therefore a word to the wise is sufficient for a timely warning.

"In that day," saith the prophet, "they shall cast their silver in the streets, and their gold shall be removed; their silver and their gold shall not be able to deliver them in the day of the wrath of the Lord; they shall not satisfy their souls, neither fill their bowels: because it is the STUMBLING BLOCK of their iniquity." (Ezek. 7, 19).

Such things happen, not because I say so, or because you may not please to think that way, but because it is the Lord's doings that no man can turn asunder, and the more the will of God is opposed the worse it will be and the longer it is delayed the harder it will be to remedy it and the more it will come to cost to redeem it; you simply cannot get away with it.

These and other matters of greater importance are more fully demonstrated in "The Golden Order Dominion," which I have the pleasure to introduce hereby unto you. It is not very likely, however, that the book will be published for some time, or that we can form any such New Order of the World with this present Mammonary generation with the prevailing competitive frame of mind, unless, indeed, the fatted calf is killed and God Almighty assumes the place of "Mammon," and the people themselves will change their minds concerning these matters and take more active stock in its realiation to help finance the proposition and carry out the work.

Therefore this brief announcement of the Golden Order Dominion is hereby offered for enlightenment purposes, so the world may know just what is taking place and what the will of God really was and what the counsel of truth contained toward the world for the time being and for time to come, so you may know it and tell the others.

It is my pleasure hereby to pay you my compliments, and I am here in the name of the Lord to challenge every man to choose between the "Mammon" and God Almighty, and decide for himself as to which of the two shall be the ruler for the coming Millennium. Let him who is with the Lord step forward and stand up for the principles of Justice and Truth, and for the Golden Rule of true Christianity, and let us assemble and reason together and act accordingly, so help us God.

It therefore now remains with you to consider these matters referred to in this book; give your earnest attention to every single item hereof; decide for yourselves upon the matters in question, and say your own last word about it.

PRINCIPLES OF THE GOLDEN RULE.

"KNOW THYSELF AND DO FIRST UNTO OTHERS AS THOU WOULD HAVE DONE UNTO THYSELF."—**This contains all the Law and Prophets combined.**

Nothing succeeds better than success, and nothing produces love and respect better than our own greater love first rendered to others.—Not by saying, THOU SHALT LOVE ME, and do this or that to me, because thou art mine and it is your duty to do so.—But rather saying, I WILL do this and that to you because I LOVE YOU.

Nothing begets honour and true riches better than by rendering the same first to others, and reap the fruits of wise investment afterwards, were it here or hereafter.—Not by only saying, "Render to God that is God's and to Caeser that belongs to Caesar," but render also to people that is due to the people, and to your fellow members as you would expect from them.—And do not love only your enemies, but love your **Friends** and **Benefactors** also.

To know the good and evil is to distinguish them by their specific characters, works and behaviour. Hence the goodness of God being manifest in the faith, love, hope and grace, in the spirit of justice, truth and righteousness, and obedience in the GOLDEN RULE, and such other godly attributes.

While on the other hand, the evil is known by selfishness, covetousness, pride and haughtiness, hatred, jealousy, prejudice, injustice, lie and disobedience; and such other ungodly vices and characteristics of the devil, manifest by the children of disobedience.

Beware therefore of prejudice, selfishness and jealousy, and shun the evil by following the GOLDEN RULE, and overcome the evil by the goodness of God: "Even seek first the kingdom of God in justice and truth, then every other thing will be added to you for a good measure."

Following this Certificate of the GOLDEN RULE in good spirit, it will never fail to bring you happiness and success, resulting in a lasting peace and true liberty. For it stands to reason that we can reap only what we have sown first, and our reward will be according to the products of our own works and services rendered.
